Re: Judicial Corruption in SDNY

Nov 18, 2017

Dear Attorney General Sessions,

**M**y wife and I are senior citizens and I am a disabled combat veteran of The Vietnam Era when I was also exposed to Agent Orange. As the only “real creditors” in a fraudulent bankruptcy, and after forty-five years of hard work, we have been stripped of our business, our home and our life’s savings by a villainous, fraudulent debtor, in collusion with corrupt legal practitioners and confounded by frivolous judicial process. Furthermore, by means of this fraudulent bankruptcy and four years of a convoluted bankruptcy stay, we were forced to pay for the mortgage, taxes and insurance while the debtor (a Hasidic religious congregation, Kollel Match Efraim, LLC in conjunction with [Jack Lefkowitz](#) CEO Maskil Al Dal, LLC) enjoyed free and exclusive occupancy of our resort hotel property.

[Judge Stuart M Bernstein](#), (SDNY) not only permitted, but actively encouraged four years of frivolous litigation before we successfully evicted these fraudulent debtors. By this time, they had so maliciously vandalized our property as to render my wife and me completely depleted of everything that we had worked a lifetime to achieve. With complete impunity and cloaked in a criminal conspiracy, (RICO) our Constitutional Rights were callously fed into a document shredder of **religious intolerance; money laundering; bank fraud; wire fraud; tax fraud; contract fraud; corporate fraud; judicial abuse; arrogance; bias; corruption, apathy and even extortion** by a judge and a trustee...“Failure to deal with systemic injustice anywhere permits it to flourish everywhere.”

**Former Attorney General John Ashcroft** iterated to [The Hague Global Forum on Corruption](#): “Bankruptcy court corruption is not just a matter of bankruptcy trustees in collusion with corrupt bankruptcy judges. The corruption is supported, and justice hindered by high ranking officials in the United States Trustee Program –“. emphasis added. "The corruption has advanced to punishing any and all who mention the criminal acts of trustees and organized crime operating through the United States Bankruptcy

Courts. As though greed is not enough, the trustees, in collusion with others, intentionally go forth to destroy lives."

After years of seeking redress for my own issues, I have come to realize that mine is not a small or isolated problem. —**Justice William Rehnquist** stated, "If experience demands a presumption that a judge will seize every opportunity presented to him in the course of his official conduct to line his pockets, no canon of ethics or statute regarding disqualification can save our judicial system."

**Judicial Corruption in Our Bankruptcy Courts:** is worse than the abusive government seizure laws which have gained some media exposure lately. Instead of simply seizing our assets, we are forced to sit and observe the convoluted and corrupted "process" in slow motion. For ten years, my wife, Irene and myself were helplessly restrained by court room protocols from mitigating the obvious fraud and collusion between all of the courtroom players and especially the nefarious charade between [Judge Stewart Bernstein](#) (SDNY) and [U.S. Trustee Robert Geltzer](#) as they wantonly seized our properties. Representing the culmination of forty-five years of hard work and a dollar value of \$4.2M, they will feast themselves upon the carcass of our toils for years to come.

In the final analysis, the question is begged: how is it possible, in America, that a combat veteran, or any citizen for that matter; can be deprived of their constitutional rights to their own property by legal (and illegal) process ...and no one is held accountable for the scorched earth campaign that was obviously perpetrated in a conspiracy within our courts?

I strongly believe that this is a core issue and an apex agenda item for the future of our nation. "Our Constitution is only as good a restraint upon those who would trample over it as those into whose hands it is entrusted for respect, honor and enforcement."

I beg that you consider an investigation into the above noted individuals; their numerous shell corporations and their criminal activities. They have destroyed the lives of many decent, hard working people and their frauds continue as of this date.

Thank You,

Paul Griffin
